MESSAGES FROM THE REGIONAL BOARD

On behalf of the Ontario Region, I would like to extend a warm welcome to all competitors, judges, spectators, and supporters attending the 2025 Ontario Regional IGP Championships and Sieger Show.

A heartfelt thank you goes to Grand River Schutzhund Club for their tremendous efforts in organizing and hosting this year's event. We are proud to see such a strong turnout, with exceptional dogs and top-tier handlers representing the very best of our region.

Events of this calibre are only possible thanks to the combined support of our competitors, our dedicated spectators, and our valued sponsors and vendors. Special thanks to DogSport Gear for their generous sponsorship of the field and helper equipment, and to all vendors who help bring this event to life.

We appreciate every single one of you for contributing to the success of this championship, and for continuing to strengthen the spirit and standard of the sport in Ontario.

Best of luck to all competitors, let's make it a memorable weekend for everyone involved!

Gobei Ramendra
Chairman-Elect | Ontario Regional Board of Directors

Proudly working with my German Shepherds, including Arav von Ducasse, IGP 3, IFH 1
Recently welcomed my next working prospect—an import puppy from Italy!

MESSAGES FROM THE REGIONAL BOARD

Welcome to the 2025 GSSCC Ontario Regionals and Breed Show. First good luck to all the competitors entered this year. This is the largest Regionals I have seen in years. I have been a member of the GSSCC since 2009, with the first year watching and learning, until I got my first GSD, fell in love with the breed and now can't see myself without 1 - 3 living in my house. I have been working with the Ontario BOD since early 2023 as the Treasurer/ Secretary. Working closely with the other BOD members to build and make Ontario Stronger. Looking forward to seeing everyone.

Thank you Shandra Dinsmore

Welcome Message from your new 2025 GSSCC Ontario Regional Trial Director: For those who do not know me, I have been active in IGP and Breed Shows since 2014. I am a founding member of Grand River Schutzhund Club and actively training and titling 2 of my German Shepherds. I am looking forward to seeing everyone at this year's Regionals, and working with you all to support future trials in the Ontario Region! Happy Trialing!

Katie Collins GSSCC Ontario Region Trial Director

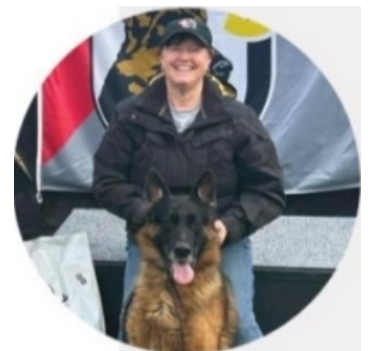

Welcome all participants and spectators to the 2025 GSSCC Ontario Regional Championships, WB Character Assessment, Breed Survey & Breed Show. I believe the total German Shepherd Dog should have the drives and abilities to happily perform the work expected and to ensure their conformation permits them to do so effectively. My personal goals are to work with the best show-line GSD's that exhibit these traits. Although no dog is perfect, it is the understanding of what needs to be changed as we move forward to the next generation that keeps me motivated.

Fidel is my third IPO dog and together we happily achieved our best performance with a V rating and IGP3 in 2023. We also like to have fun and participate in SDDA and CKC scent detection, or hanging out trying new things together.

I am honored to serve my second term as the Ontario Show Director and am available to answer your questions or help find the answers you need.

Good luck to all competitors and have fun!

Julia Stemp GSSCC Ontario Region Show Director

Welcome! Bienvenue!

On behalf of the Grand River Schutzhund Club, it is my great pleasure to welcome you to the 2025 Ontario Regional Championships.

We are thrilled to host this prestigious event for the Ontario Region and welcome all competitors, spectators, and our esteemed guest judges from Germany: Mr. Sven Siebahn, who will preside as our IGP Trial Judge, and Mr. Rainer Mast, who will serve as our SV Breed Show Judge. It is truly an honour for our club to have been granted the opportunity to organize such a momentous occasion in the IGP calendar.

After many months of preparation, the excitement is palpable as we come together to celebrate the dedication, perseverance, and passion that define our sport. We extend our deepest appreciation to all the competitors who have invested countless hours training and preparing with their dogs for one of the most significant events of the competition year. For many, this championship serves as a pathway to qualify for the 2025 National Championship, to be held this year in the heart of the Canadian Prairies–Saskatchewan.

The four-day IGP Championship, open to all breeds, will showcase the remarkable skills of handlers and their dogs in Tracking, Obedience, and Protection. Beginning Thursday and continuing through Sunday, spectators will witness months, if not years, of preparation and teamwork. Congratulations in advance to all the participants, from the bottom of our hearts we wish you all the best of luck and much success.

The following weekend, the Grand River Schutzhund Club is proud to host a WB Character Test and Breed Survey on Saturday, followed by our one-day Breed Show on Sunday. This specialty show celebrates the conformation and performance of the German Shepherd Dog in the ring. Classes will be divided by age, sex and coat, with each dog evaluated on its conformation, movement, and presentation according to the German (SV) standard. Competitors have dedicated significant effort toward conditioning, grooming and presenting their dogs at the highest level. Congratulations in advance to all of this years winners and to the recipients of this years Sieger and Siegerin.

We extend our heartfelt best wishes to all participants for an enriching, memorable experience. May this event be a celebration of community, camaraderie, and the enduring bond between handler and dog.

Once again–As this years host of the 2025 IGP Regional Champtionship & Breed Show, welcome to our club, and above all, don't forget to smile, be social, enjoy some food and drink and most of all enjoy the experience!

Warm regards,

Frank Anthony Plesa President, Grand River Schutzhund Club

ZACH TODOS

GSSCC REGIONAL LEVEL

When I got my first dog, REX, back in the summer of 2020, I had no idea what that would introduce me to the world of dog sports nor that it would become such an important and enjoyable part of my life. I have been involved in trial helper work with Schutzhund almost from the time I first learned of and became involved in the sport with the Central Plains Schutzhund Club in Saskatoon, four years ago. In the spring of 2022, less than a year after I first started, I received my club level helper certificate and started doing club trials. Over the following years I had the opportunity to start doing regional work as well, including being selected to do the Breed Surveys in the 2023 Prairie Regional Championship, which led to me obtaining my regional level helper status. Obtaining that status allowed me to be selected to do both the FRONT HALF OF THE IGP3s and THE FULL IGP2 routines at the 2024 Praire Regional Championship.

IGP SPORT

As a prerequisite, before a dog can compete for **IGP1**, it must pass a temperament test called a **BH-VT** (usually called just "BH"). The BH-VT tests basic obedience and confidence around strange people, strange dogs, traffic, bicyclists, joggers, loud noises, and briefly tethered alone (such as tethering the dog to a post while its owner goes out of sight into a shop). A dog that exhibits excessive fear, distracted behaviors, or aggression will not pass the BH-VT and so cannot go on to IGP level 1. BH-VT is the exception to the rule of earning only one title at an event; a dog may be awarded a BH-VT along with one other level 1 title.

- **Tracking phase:** This tests not only the dog's scenting ability, but its mental soundness, and physical endurance. A "track layer" walks across a field dropping several small articles along the way. After a period of time, the dog is directed to follow the track while being followed by its handler on a long leash. When the dog finds each article, he indicates it, usually by lying down with the article between his front paws. The dog is scored on how intently and carefully it follows the track and indicates the articles. The length, complexity, number of articles, and age of the track varies for each title.
- **Obedience phase:** This takes place in a large field, with two dogs on the field at a time. One dog is placed in a down position on the side of the field and its handler leaves it while the other dog works in the field. Then the dogs switch places. In the field, there are several heeling exercises, including heeling through a group of people. There are two or three gunshots during the heeling to test the dog's reaction to loud noises. There are one or two recalls, three retrieves (flat, jump and A-frame), and a "send out", in which the dog is directed to run away from the handler straight and fast and then lie down on command during its run. Obedience is judged on the dog's accuracy and attitude. The dog must show enthusiasm. A dog that is uninterested or cowering scores poorly.
- **Protection phase:** The judge has an assistant, called the "helper", who helps test the dog's courage to protect itself and its handler, and its ability to be controlled while doing so. The helper wears a heavily padded sleeve on one arm. There are several "blinds" on the field, and the helper hides in a random blind. The dog is directed to search all the blinds for the helper. When it finds the helper, it indicates by barking. The dog must guard the helper to prevent them from moving until recalled by the handler. There follows a series of exercises similar to police work where the handler searches the helper and transports them to the judge. At specified points, the helper either attacks the dog or the handler, or attempts to escape. The dog must stop the attack or the escape by biting the padded sleeve. When the attack or escape stops, the dog is commanded to "out", or release the sleeve. The dog must out or it is dismissed. At all times the dog must show courage to engage the helper and the temperament to obey the handler while in this high state of emotional arousal. The dog must show enthusiasm. A dog that shows fear, lack of control, or inappropriate aggression is dismissed.

BREED SHOW

Key Aspects of German Shepherd Breed Shows:

Breed Standard:

Judges assess dogs against the official breed standard, which details requirements for conformation, temperament, and movement.

Show Classes:

Dogs are typically divided into classes based on age, sex, and coat type (stock coat or long stock coat).

Grading System:

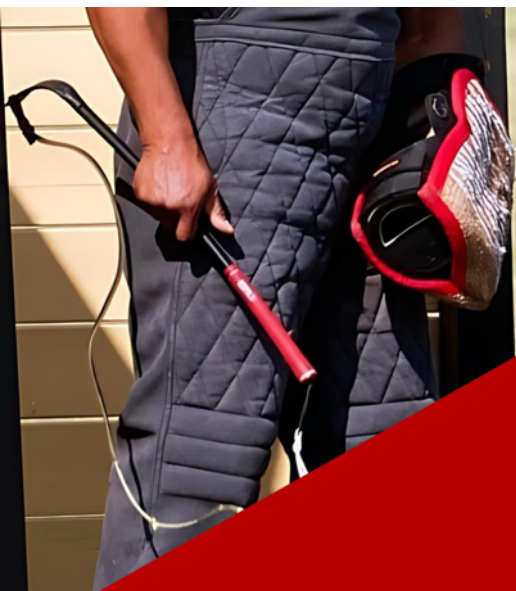

Understanding Breed Show placings requires a little background on how the judge first “rates” each dog and then places it in sequence with the other entries. Ratings change depending on the age and qualifications of the dog.

Puppies up to 12 months old may be awarded a rating of Very Promising (VP), Promising (P), or Less Promising (LP). Ratings for Youth and Young Dogs which are between 12 and 24 months of age are Very Good (SG), Good (G), Sufficient(A), and Insufficient or Unsatisfactory(U).

Over the age of 24 months, dogs which have a Schutzhund title or other recognized working degree (such as the herding title, HGH) are also eligible for the Excellent (V) and Excellent Select (VA) ratings in addition to the ratings available for Youth and Young Dogs. The Excellent Select rating is only awarded at the annual National Sieger Show.

The letters shown in brackets are the abbreviations used for each rating in North America. In the puppy ratings, the letters are based on the English words whereas the ratings for dogs older than 12 months are based on the German words. In German, SG comes from the words, Sehr Gut, G represents Gut, A represents for Ausreichend and U represents Ungenugend (Unsatisfactory) while V represents Vorzuglich and V-A represent Vorzuglich Auslese.

During the individual examination of each dog in a class, the judge forms an opinion as to which rating category the dog should be placed and makes notes in the judge’s book for later reference. Once all entries in the class have been examined, the dogs are called out based on the rating category. As the class proceeds with gaiting around the ring, the judge completes the process of determining the ratings and the placings within each rating category.
