

Dark Green Jumbo Chenille Stems | PAC7110-08 2.99

- Soft, fuzzy reusable stems are a classroom favorite for craft projects!
- Each Package includes 100 stems.

STEM Starter Kit: Hydraulics | TCR2088101 29.99

STEM Starters provide students with essential tools to complete hands-on projects. When combined with everyday items, these materials can be used to design and execute a project using creative exploration and the engineering design process. By approaching a problem or a challenge with this thought process, children are able to make educated guesses, problem-solve, and learn without the fear of making a mistake. Perfect for individuals or small groups.

STEM Starter Kit: Egg Drop | TCR2087901 29.99

STEM Starters provide students with essential tools to complete hands-on projects. When combined with everyday items, these materials can be used to design and execute a project using creative exploration and the engineering design process. By approaching a problem or a challenge with this thought process, children are able to make educated guesses, problem-solve, and learn without the fear of making a mistake. Perfect for individuals or small groups.

STEM Starter Kit: Balloon Cars | TCR2088001 29.99

STEM Starters provide students with essential tools to complete hands-on projects. When combined with everyday items, these materials can be used to design and execute a project using creative exploration and the engineering design process. By approaching a problem or a challenge with this thought process, children are able to make educated guesses, problem-solve, and learn without the fear of making a mistake. Perfect for individuals or small groups.
