Privacy Vestibule for 10x10 Tents

[CLICK HERE FOR PRICING](#)

The wing vestibule accessory will enhance your awning's leisure area by providing additional shade, and protection from wind and rain. It attaches underneath the front of the awning and extends out to the ground. Two side wings provide additional cover on the sides. It creates a nice space to store gear, put some chairs, or keep a pet. It also adds privacy if the front windows are open. Made with the same cotton canvas as our tents. Fits all Kodiak Canvas 10x10 Flex-bow tents. Note: Depending on your tent, you may be required to add two grommets* to your awning for optimal fit. The wing vestibule does not fully enclose the awning area. There will be openings on both sides

Ground Tarp for 10x10 Tents

[CLICK HERE FOR PRICING](#)

Add another layer of protection between you and the ground with a cut to fit ground tarp. Helps reduce wear and tear on the bottom of your tent floor, and keeps it clean and dry.

Made with heavy 10 mil polyethylene reinforced with mesh. Features stake loops in the corners to assure it stays in place.

Kodiak Canvas Size Guide for Truck Bed Tents

Model 7206 (standard/short) This model fits full-size trucks with the standard truck beds --5.5 to 6.5 - ft. long -- measured with the tailgate in the up (closed) position:

Ford F-Series, Chevy Silverado, GMC Sierra, Dodge Ram*, Toyota Tundra, Nissan Titan

Model 7218 (long) This model fits full-size trucks with 8-ft long truck beds -- measured with the tailgate in the up (closed) position:

Ford F-Series, Chevy Silverado, GMC Sierra, Dodge Ram*, Toyota Tundra, Nissan Titan trucks

Not compatible with smaller sized trucks. Ford Ranger, Chevy Colorado, GMC Sonoma, Toyota Tacoma, Nissan Frontier

Not compatible with the following bed styles:

- Flair side or step side beds the beds are narrower than a standard bed.
- Flat Beds
- Trucks with untraditional side boxes like Dodge Ram Box*.
- Trucks with obstructions on the bed rails.
- You need a tailgate. Measure your truck bed with the tailgate up (closed). However, set your tent up with the tailgate down. You will not have a good result with trucks that do not have a proper tailgate.

Note that for assembly you will need to clamp mounting rails on top the truck bed rails (see image below). Clamps are included with the tent, but depending on your bed style and customization, specialized clamps may need to be purchased.
