A Note from Geordie

We could have never foreseen where this journey would take us when I bought two old Native Angus® cows back in 1995. The interest worldwide and the roads it has taken all of us over the last 30 years, have been incredible. What started as a passion to follow what I saw as right, has grown into an international success. We have met people from all walks of life; from the inventor of cable TV to the builder of the Wembley stadium; from the jungles of Colombia, to the outback of Australia; it has been the most unexpected adventure.

The message we get back from all these far flung locations, is that nothing weathers the storm better than a Native Angus®. I have been steadfastly supported from the start (and accompanied on most of these adventures!) by my soulmate and wife, Julia. Her multitude of roles cannot be understated- from the production of hundreds of fantastic meals to the handling of the everyday paperwork to keep us right, I could not have landed with a better running mate in life.

I wish all the buyers the very best of luck with their cattle. I hope they bring you as much success and joy as they have done for me.

Geordie

Her paternal half-brother is Dunlouse Royalty, our latest semen sire (see Reference sire O).

She is due to calve 16th of September to new outcross sire, Lord Jemidar 2nd of Greeve.
