Honeybee Herb is an amazing company, and supplier of all the products needed to stay lifted. Prompt and accurate customer service....High quality products...and extremely fast shipping. You just can't go wrong with Honeybee Herb. This is a real review from a real customer. Liz was very helpful and responsive.

Wilson Wall

I have been using this company for a while and I can't emphasize how good their bangers are. I first found them because they are local to me but they ship fast and the quality of the product is superb. Customer service is also really really helpful! They will answer as soon as they can and always are there to help
