858 Catalyst Black and Green line. It's hard to beat a black and green Cat Maxed out Catalyst for the win!

- Mamba x esc
- Stage 2 front shocks
- Stage 2 skid shocks
- Quad headlights
- Mountain Cat decals
- Digital Voltage gauge

Fully maxed out and comes with an extra battery pack.

Quantity: 2 in Stock!

Polaris Matryx

\$580.00

Keeping it simple with this build Polaris matryx with the stock 165 tunnel and 154 rails, as this sleds color combo was based on the assault trail sled. Stage 2 shocks for that added look and performance brought the build together! Comes with an extra battery pack.

Quantity: 2 in Stock!

Polaris Khaos 9R (MKC)

\$599.00

Polaris Khaos 9R MKC build. My person rc sled color combo! Only 2 made.

- Copperhead esc / 1415 2400 setup
- MKC HD full front end
- Stage 1 front shocks
- Upgraded rear skid shock
- my person khaos boost decals

Comes with an extra battery pack. Ready to ship!

Quantity: Only 1 in Stock!

Polaris Matryx 165

\$580.00

Polaris Matryx 165. Fully maxed out with all the goodies and finished off with custom decals

Now available as shown

Fully Built and comes with an extra battery pack.

Ready to ship.

Quantity: 3 in Stock!

Polaris Matryx Boost

\$599.00

Polaris Matryx 165 build! This sled was a fun build with some great upgrades to bring it all together. Upgraded shocks all around, headlights, digital voltage gauge, and custom decals to top it off. Comes with an extra battery pack.

Quantity: 2 in Stock!

Polaris Matryx 165 (1 of 1)

\$599.00

Check out this Polaris Matryx 165. Although there is not a specific body and skid setup for the trail version of the Matryx, I do my best to match the colors and decals to the sled! Only 1 of this unit was made.

- Skeeride 2 Polaris Matryx 165 RTR
- Custom Vr1 color combo and decals
- MKC Hd full front end
- Mamba x esc
- Digital Voltage Gauge
- Headlights
- Stage 2 front shocks
- Stage 2 skid shocks

Fully built and Ready to RIP. Comes with an extra battery pack.

Quantity: Only 1 in Stock!

Polaris Matryx Boost VR1

\$599.00

Polaris Matryx BOOST with all the upgrades

- Mamba x esc
- headlights
- digital gauge
- upgraded shocks all around
- custom VR1 decals
- metallic red hood

Fully Built and Ready to RIP. Comes with an extra battery pack.

Quantity: Only 1 in Stock!

Polaris VR1

\$599.00

My favorite Polaris VR1 build! Built to match the color scheme and custom decals. A 165 tunnel with the hd 154 skid for a little bit shorter look. Fully maxed out with all the upgrades Comes with an extra battery pack.

Quantity: 2 in Stock!

Polaris XCR 9R

\$599.00

Polaris XCR 9R! Another maxed out build with all the upgrades and some custom decals to make this sled stand out. These 70th anniversary decals took 6+ hours to fully design and make for this sled, but it was definitely worth the time for the outcome. Comes with an extra battery pack.

Quantity: 2 in Stock!

Skeeride 2 G5 154 (Black/Purple)

\$420.00

Skeeride 2 G5 154 (Black/Purple)
