Sizing & Care

Cuff Sizing

Our cuffs feature an open, adjustable design meant to gently flex to fit most wrist sizes (approx. 5.5"-7.5" circumference). Please advise your customers to adjust slowly and evenly from both sides to avoid stress on the metal.

Materials & Care

Pieces are handcrafted from brass, copper, leather, and natural/reconstituted stone. To preserve finish: keep dry, avoid perfumes and lotions on contact, and store in a cool, dry place away from direct sunlight. Gently wipe with a soft, dry cloth after wear.

Wholesale Terms

Minimum order quantities, payment terms, and shipping details
are available upon request.
