LED Cornices

We have LED up-lighters and LED downlight cornices to create that special effect in your living space.

We were also the first local company to manufacture these ultra modern cornices. They are manufactured from high density XPS polystyrene.

* Please note : Does not include the LED strip lighting. Lighting is purchased separately.

	Name	Price

Polymer Products

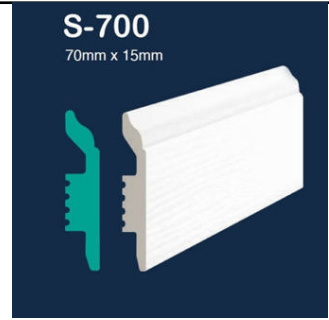

We supply a complete range of polymer skirting boards, architraves, wainscoting, and wall cladding.

Our polymer products :

- Are locally manufactured and are fully recyclable,
- Are waterproof,
- Are termite and insect proof,
- Are maintenance free,
- Will never warp, bend or distort,
- Are very easily installed,
- Are durable, and have lasting quality with consistent and beautiful finishes,
- Are available in a wide range of colours and finishes.

Manufactured from a state of the art polymer material, these products are harder than supawood (mdf) and are exceptionally tough and light. The patterns and colours are fused into the surface, giving you the ultimate, no-nonsense high quality product any homeowner will be proud of.

These polymer products are glued or screwed directly onto the walls with our specially selected range of adhesives

We have developed the first classic polymer dado rail in the country.

This is also known as wainscoting and is also sometimes wall panelling. Traditionally in wood or polyurethane, we have broken the mould and have now manufactured the most robust, high quality dado rail on the market.

It is available in a white unfinished form, which means you are able to paint it.

Classic Polymer Dado Rail / Wainscoting / Wall Panelling 50mmx20mm x 2.7m) Per 2.7m length

Price: R169/length

PVC Ceiling Boards

PVC ceilings have taken the industry by storm, and we have carefully selected a top quality, locally manufactured range for our customers. Don't be fooled by cheaper imports that get brittle, crack with time, and get easily damaged during installation. Our range is guaranteed not to disappoint.

The range you see online is what we mostly carry stock of. There are many more patterns and colours to choose from, so feel free to visit our store to see them all.

They offer the following benefits:

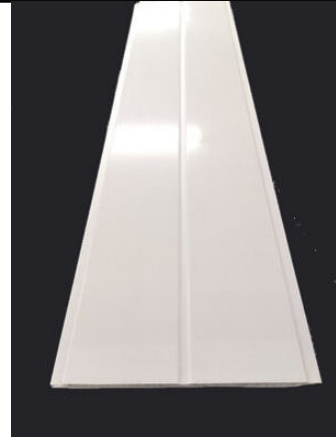

- easy to install,
- maintenance free
- need no painting
- inter-locking
- extremely durable
- meet fire resistant specs
- waterproof
- anti-fungal and corrosion resistant
- easy to clean
- fiberglass, asbestos and lead free
- locally manufactured in South Africa

Please note : Panels not from the same batch may vary in colour, so please order sufficient the first time to avoid this.
