# Injectors & Vaccinators

**Coxidox Syringe with Bottle 2mL**

Product Code: 400205

**Vaccinator Gun Prime Bottle 1mL**

Product Code: 400100

**Vaccinator Gun Prime Bottle 2mL**

Product Code: 400105

**Vaccinator Gun Prime Bottle 2.5mL**

Product Code: 400110

**Vaccinator Gun Prime Bottle 5mL**

Product Code: 400115

**Vaccinator Gun Prime Bottle 10mL**

Product Code: 400120

**Vaccinator Gun Prime Tube 1mL**

Product Code: 400125

**Vaccinator Gun Prime Tube 2mL**

Product Code: 400130

**Vaccinator Gun Prime Tube 2.5mL**

Product Code: 400135

**Vaccinator Gun Prime Tube 5mL**

Product Code: 400140

**Vaccinator Gun Prime Tube 10mL**

Product Code: 400145

**Vaccinator Gun Prime Tube 5mL with 3" Drench Nozzle**

Product Code: 400141

# BALAN CLEAN

Cooling pad cleaning and maintenance agent

**Removes Scales and Algae:** Effectively cleans scales and algae buildup in the cooling pad system.

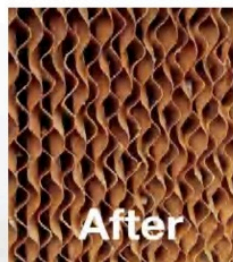

**Inhibits Biofilm and Bacterial Growth:** Prevents the formation of biofilm and suppresses bacterial growth, ensuring a hygienic cooling environment.

**Extends Cooling Pad Lifespan:** Prolongs the operational lifecycle of the evaporative cooling pads.

**Dry Powder Formula:** Safe, efficient, and easy to dissolve for convenient use.

Before

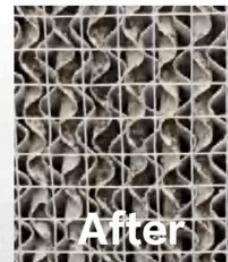

After

Dirty and Minerlas cleaning

Before

After

Algae and Minerlas cleaning

**Direction for Use:**

**Pre-treatment of Water Tank:**

Thoroughly clean the tank by removing sediment from the bottom, clearing floating debris from the water surface, and scrubbing adherent substances from the tank walls. Replace the water with clean, fresh water. This step is essential to prevent premature dilution of the BalanClean solution, ensuring maximum cleaning effectiveness.

**Balantek Balanclean - Cell Cleaner**

Product Code 350100

# Livestock Drinker Nipples

Livestock drinker nipples provide a clean, efficient way to deliver fresh water on demand. They release water only when activated, reducing waste, limiting contamination, and keeping enclosures drier. Suitable for poultry, pigs, and other farm animals, they're durable, easy to install, and help maintain consistent access to clean water.

**Drink Nipple - 1/2"  
Toggle Drinker  
(Metal)**

# HERDING BOARDS

“Durable, lightweight boards designed for safe and efficient livestock handling”

## LARGE

120x77x3cm

Product Code:

400350

## MEDIUM

97x77x3cm

Product Code:

400345

## SMALL

76x46x3cm

Product Code:

400340

## Pig Sorting Paddle

Large Sorting Paddle with Rattle

Product Code: 400335

## Pig Flapper Paddle

Small Sorting Flapper Paddle

Product Code: 400330

## Thermal Insulation Lampshade

Size: 215mm or 300mm

Product Code 340500 or 340600

## Heat Lamp (Red)

Size: 100W or 175W

Product Code 340400 or 340300

## Heat Lamp (Clear)

Size: 100W or 175W

Product Code 34200 or 340100

Keep livestock warm, safe, and thriving with reliable farm heat lamps. Ideal for newborn chicks, piglets, lambs, and other vulnerable animals, these lamps provide consistent warmth during critical early stages and cold weather.

They also support recovery for sick animals and help maintain dry, comfortable bedding areas. Built for durability and easy setup, farm heat lamps are an essential tool for promoting animal health and improving overall productivity.

# PrimeMark LIVESTOCK MARKERS

TEMPORARY MARKING FOR LIVESTOCK

Safe & Non-Toxic

# ALUTECT™

## Spray-on bandage

A water-resistant, spray-on aluminium bandage that creates a protective barrier for minor wounds and abrasions in all animals.

- Quick & easy application
- Reduces risk of infection
- Aids in healing of abrasions

Active ingredient: 2.1 g of Aluminium Powder / 100 g  
Propellant: Hydrocarbon

400 ml

Bimeda AluTect Spray-on Bandage 400ml

Product Code: 250150

Bimeda ImmunIGY Test kit (100 calves)

Product Code: 250900

Clip on Piglet Feeder

Product Code: 400355

Disposable boot covers 50/box

Product Code: 400311

### Disposable Examination Gloves - Long Arm (Green) (100/bx)

Product Code: 400310

### Needle Extensions

Product Code: 400305

PRIME
PRIMEBIND
PRIME

PELLET BINDER FOR ANIMAL FEED

Active Ingredient: Polymethylolcarbamide ≥ 95%

PRIMEBIND® is a polymer compound whose benefits include:

- Strong binding ability and good stability.
- Keeps pelleted feed stable for 6 hours in water.
- Improve pellet quality, reduces waste and ingredient separation during pelleting and transportation
- Improves pellet durability in water and decreases the contamination of the water
- Non-toxic and odourless.

<b>Addition rates:</b>	<b>Poultry / Swine:</b>	1kg – 2kg / tonne of feed
	<b>Fish:</b>	2kg – 4kg / tonne of feed
	<b>Shrimp:</b>	2kg – 6kg / tonne of feed

**Handling & Storage:** Keep in a cool, dry, well-ventilated place.  
**Safety Information:** Avoid dust formation and inhalation. Refer to MSDS before use.

Batch Number:	Expiry Date:	<b>Net Weight: 25kg</b>
