

The logo for Southern Lights LED Kites is set against a dark blue night sky background with three bright yellow stars. The word "Southern" is written in a large, golden, cursive font. Below it, the word "Lights" is written in a large, light blue, cursive font, with a glowing blue umbrella icon integrated into the letter "i". To the right of "Lights", the words "LED KITES" are written in a smaller, white, sans-serif, all-caps font.

## ABOUT US

Welcome to **Southern Lights LED Kites** – where passion meets the sky!

I'm Shawn Bramlett, the founder and heart behind Southern Lights LED Kites. For over 35 years, I've been chasing the wind and flying kites, with the last 17+ years spent doing it professionally. What started as a lifelong love for the thrill of kite flying has evolved into a mission to share that magic with others – especially after dark.

At Southern Lights LED Kites, we specialize in **high-quality kites equipped with vibrant LED lights**, along with a full range of accessories to elevate your flying experience. Our collection includes stunning inflatable designs, character-themed kites, and everything you need to light up the night sky – from beaches at dusk to backyard adventures.

I absolutely love what I do. There's nothing quite like watching a glowing kite dance against the stars, creating unforgettable moments for families, enthusiasts, and anyone who wants to add a sparkle to their outdoor fun. Whether you're a seasoned flyer or just discovering the joy of kites, we're here to provide top-notch products backed by real expertise and genuine enthusiasm. Thank you for visiting – let's light up the skies together!

– Shawn Bramlett Founder, Southern Lights LED Kites
