Inspirational Gifts

"Good things are about to happen!"

"We rise by lifting others."
~Robert Ingersoll

We are always looking to grow the brand by collaborating with others, big or small!

Whether it is partnering and collaborating via Wholesale | Retail or through our fundraising efforts and programs. We cannot grow and spread this message without you!

No account is too small or too large, as the mission and purpose always remains the same.

Our Story

Sheila Vaske founded V'Enza Creations in 2014 with a vision to inspire, motivate, protect and heal. She was at one of the lowest points in her life when she received one of her biggest inspirations. Since then, she says she has been guided spiritually every step of the way in creating her line of jewelry and accessories. Her mission is to bring happiness, peace, healing, positivity and light to as many people as she can reach through her creations.

Her goal is to have her line inspire others to set intentions for themselves.

Sheila believes strongly in the law of attraction and feels that her jewelry can serve as a reminder to her clients that anything is possible when you direct your energy towards who you want to be and what you want to become. Her drive and motivation were driven by her children, whom she wanted to set an example for. By continuing to push through during tough times and never losing sight of her goals, she has shown her children that they can do anything they set their minds to.

Our Name

Sheila's passion comes from her family, which is evident in the V'Enza name that she chose for her creations. Her children, whose middle names are Vee and Enza, are the inspiration for the V'Enza brand.

Good things are about to happen!
