— IMPORT & EXPORT —

Premium Horn & Bone Button Blanks

Natural Materials • Precision Manufacturing • Global Export Quality

Based in **Sambhal, India**—the world-renowned hub for natural horn and bone craftsmanship—**VISION IMPORT & EXPORT** specializes in manufacturing and exporting premium-quality **Buffalo Horn Button Blanks, Cattle Horn Button Blanks, and Bone Button Blanks** for the global button manufacturing and fashion accessories industry.

Our button blanks are crafted from carefully selected natural buffalo horn, cattle horn, and bone, ensuring exceptional strength, uniform thickness, smooth finishing, and natural beauty. Available in a wide range of sizes from **12MM to 31MM**, our products are ideal for producing high-quality garment buttons for apparel, fashion, luxury accessories, and handicrafts.

With advanced manufacturing techniques, strict quality control, and a commitment to sustainable sourcing, we consistently deliver products that meet international standards. We proudly serve wholesalers, importers, button manufacturers, and distributors across Europe, Asia, North America, South America, the Middle East, and other global markets.

Cattle Horn Hollow Color Button Blanks – Mixed Colors

Material: Premium Natural Cattle Horn

Color: Assorted Natural Colors (Honey, Amber, Brown, Black & Striped)

Available Sizes: 12MM – 31MM

Description:

Manufactured from carefully selected natural cattle horn, our **Mixed Color Hollow Button Blanks** showcase a beautiful assortment of natural shades, including honey, amber, golden brown, dark brown, black, and distinctive striped patterns. Each blank displays unique natural grain and color variation, making every piece one of a kind. Precision-cut for superior machining performance, these blanks are ideal for producing premium-quality buttons for luxury garments, fashion accessories, and designer collections.

Buffalo Horn Color Hollow Button Blanks – Mix Color

Material: Premium Natural Buffalo Horn
Color: Mixed Natural Colors (Light, Brown, Amber & Black)
Available Sizes: 12MM – 31MM
Thickness: 6MM – 6.5MM

Description:

Crafted from premium-quality natural buffalo horn, our **Mix Color Buffalo Horn Hollow Button Blanks** feature a beautiful blend of natural shades, including light honey, amber, brown, and deep black tones. Each blank displays unique grain patterns and color variations, ensuring every piece is naturally distinctive. Precision-cut for consistent dimensions and excellent machining performance, these blanks offer superior strength, durability, and polishing characteristics. Their elegant mixed-color appearance makes them an ideal choice for manufacturing premium buttons for luxury garments, fashion accessories, and high-end apparel collections.

White Spot Cattle Horn Button Blanks

Material: Premium Natural Cattle Horn
Color: Natural Black with White Spot Pattern
Available Sizes: 12MM – 31MM
Thickness: 6MM – 6.5MM

Description:

Crafted from premium-quality natural cattle horn, our **White Spot Cattle Horn Button Blanks** feature a rich black base accented with distinctive natural white spotting, giving every piece a unique and authentic appearance. Precision-cut for consistent dimensions and excellent machining performance, these blanks provide outstanding strength, durability, and polishing characteristics. The natural grain and contrasting white markings create an elegant finish, making them an excellent choice for luxury apparel, premium fashion accessories, and high-end button manufacturing. Each blank showcases its own unique natural pattern, ensuring every finished button has a distinctive character while maintaining superior export-quality standards.

Buffalo Hollow Skin Button Blanks

Material: Premium Natural Buffalo Hollow Skin
Color: Natural Mixed Brown, Grey & Black Grain
Available Sizes: 12MM – 31MM
Thickness: 6MM – 6.5MM

Description:

Crafted from premium-quality natural buffalo hollow skin, our **Buffalo Hollow Skin Button Blanks** are precision-cut to ensure excellent dimensional accuracy, strength, and machining performance. Each blank features distinctive natural grain patterns with unique shades of brown, grey, and black, offering an authentic appearance that enhances the beauty of finished buttons. Their dense yet workable structure makes them ideal for producing high-quality fashion buttons with exceptional durability and a smooth polished finish. Manufactured to meet international quality standards, these button blanks are widely used by button manufacturers, garment accessory producers, and fashion brands seeking premium natural materials for luxury apparel and accessories.

Cattle Horn Button Blanks – Black

Material: Premium Natural Cattle Horn

Color: Natural Black

Available Sizes: 12MM – 31MM

Thickness: 6MM – 6.5MM

Description:

Crafted from premium-quality natural cattle horn, our **Black Cattle Horn Button Blanks** feature a deep, rich black color with a smooth, uniform surface, making them ideal for manufacturing premium-quality buttons. Precision-cut for consistent dimensions and excellent machining performance, these blanks provide outstanding strength, durability, and polishing characteristics. Their elegant natural black finish offers a timeless appearance, making them a preferred choice for luxury garments, fashion accessories, and high-end button manufacturing.

Buffalo Horn Color Button Blanks

Material: Premium Natural Buffalo Horn

Color: Natural Mixed Honey, Amber, Golden Brown & Dark Brown

Available Sizes: 12MM – 31MM

Thickness: 6MM – 6.5MM

Description:

Manufactured from premium-quality natural buffalo horn, our **Buffalo Horn Color Button Blanks** are precision-cut to ensure outstanding consistency, durability, and machining performance. Each blank showcases unique natural color variations with attractive honey, amber, golden brown, and dark brown patterns, making every piece distinctive. The dense horn structure provides excellent strength and allows for smooth finishing, making these blanks an ideal raw material for crafting premium-quality fashion buttons. Produced to meet international quality standards, they are widely used by button manufacturers, garment accessory producers, and fashion brands seeking elegant, natural, and durable button materials.

Buffalo Horn Hollow Black Button Blanks

Material: Premium Natural Buffalo Horn

Color: Natural Black

Available Sizes: 12MM – 31MM

Thickness: 6MM – 6.5MM

Description:

Manufactured from premium-quality natural buffalo horn, our **Buffalo Horn Hollow Button Blanks** are precision-cut to deliver excellent consistency, strength, and machining performance. Their rich natural black color and dense horn structure make them an ideal raw material for producing premium buttons with superior durability and a refined finish. Designed to meet international quality standards, these blanks are widely used by button manufacturers and fashion accessory producers worldwide.

Bone Button Blanks – All Diameters

Material: Premium Natural Bone

Color: Natural Ivory White

Available Sizes: 12MM – 31MM

Thickness: 6MM – 6.5MM

Description:

Crafted from premium-quality natural bone, our **Bone Button Blanks** feature a clean ivory-white appearance with a smooth, uniform surface, making them ideal for producing high-end buttons. Precision-cut for consistent dimensions and excellent machining performance, these blanks offer superior strength, durability, and polishing characteristics. Their timeless natural finish makes them a preferred choice for luxury apparel, fashion accessories, and premium button manufacturing.
