### **BUTTON BLANKS CATALOGUE**

We are a trusted manufacturer and exporter of premium-quality natural button blanks, supplying the global garment and fashion accessories industry with precision-crafted raw materials. Using carefully selected natural buffalo horn, shell, wood, and other eco-friendly materials, we produce button blanks that combine exceptional durability, natural beauty, and superior machining performance.

Our advanced manufacturing process ensures consistent dimensions, excellent finish, and high production efficiency, making our button blanks the preferred choice of button manufacturers worldwide. Every piece retains the unique texture and character of natural materials, offering distinctive patterns that enhance the appearance of finished buttons.

With a strong commitment to quality, innovation, and customer satisfaction, we provide products that meet international standards and fulfil the requirements of fashion brands, garment manufacturers, and button producers across global markets.

## Cattle Horn Color Button Blanks – Color No. 1

**Material:** Premium Natural Cattle Horn  
**Color:** Color No. 1 – Natural Honey Amber  
**Available Sizes:** 12MM – 31MM  
**Thickness:** 6MM – 6.5MM

**Description:**

Crafted from carefully selected natural cattle horn, **Color No. 1** features elegant honey, amber, and light golden shades with unique natural grain patterns. Each blank offers excellent density, durability, and a smooth finish, making it ideal for manufacturing premium-quality buttons. The natural variations in color ensure every piece is distinctive, adding authenticity and sophistication to luxury apparel and fashion accessories.

## Cattle Horn Color Button Blanks – Color No. 2

**Material:** Premium Natural Cattle Horn

**Color:** Color No. 2 – Honey Amber with Natural Black Mottled Pattern

**Available Sizes:** 12MM – 31MM

**Thickness:** 6MM – 6.5MM

**Description:**

Crafted from premium natural cattle horn, **Color No. 2** showcases a striking combination of warm honey-golden tones accented with distinctive black mottled patterns. Every button blank features unique natural markings, ensuring no two pieces are exactly alike. Renowned for its strength, smooth finish, and excellent workability, this premium material is ideal for producing luxury buttons for high-end garments and fashion accessories.

## Cattle Horn Color Button Blanks – Color No. 3

**Material:** Premium Natural Cattle Horn  
**Color:** Color No. 3 – Golden Tortoise Pattern
