BETCO'S CLARIO DISPENSERS

Betco's Clario program has been leading hand hygiene solution for over a decade. It is an everyday, cost-effective solution that allows customers to stretch their hand care budget without sacrificing a safe and clean space.

Manual and Touch Free Dispensers are offered in both black and white and utilize the same 1000 mL foam bag. This gives the benefit of fewer soap SKUs to purchase for facilities that have both Clario Touch Free and Manual Dispensers, providing flexibility and reduced stocking levels for real savings!

#BET9186600

#BET9254200

#BET9254300

- Manual and Touch Free dispensers share a 1,000-mL refill for greater flexibility
- Refills are factory sealed to eliminate contamination of bulk solutions
- Reusable pump is built into the dispenser for cost efficiency over single-use pumps
- Each refill goes further with 98% evacuation and precise portion control
- Versus rigid plastic, flexible refills minimize waste for savings and sustainability

New FastDraw® PRO Design

Redesigned for easier access, better reliability and added convenience, the new FastDraw PRO® has a smaller footprint, easier installation, quicker access to internal parts, and a new reliable push button product selector.

Smaller and Lighter
Designed to fit in tight spaces

Requires 37% less wall space and 32% lighter than the original

Stronger Vacuum
More consistent draw than original

Intuitive
Push button product selection

Space Saver
Can be mounted on a flat wall or in a corner

Accessible
Quick access to internal parts

Easy Installation
Mounting template for quick and simple installation

Secure
Single locking door to prevent theft

Easy to Use
Same easy to use one hand bottle fill and bucket fill

Hands-Free Dispensing
Bucket fill can be locked in position

Drip Tray
Hidden drip tray to catch accidental discharge of product

Product Tested
Over 40 tried and tested products are available for use in the dispenser

More Flexible
Longer 8' discharge hose makes it easier to fill automatic scrubbers (action gap only)
